TRIKE BIKE AUSTRALIA | 07 5522 0583

Australia's largest certified reseller of Addmotor tricycles

ADDMOTOR / Grandtan X

Model information sheet

Full-suspension comfort

An extra layer of cushioning for leisure trips, with a supportive backrest and wide tyres.

Riding position	Upright with backrest
Frame	Non-folding
Battery	48V 20Ah
Pedal assistance	Torque sensor
Suspension	Front and rear suspension
Brakes	Mechanical discs
Listed rider height	157-193 cm
Overall width	82.1 cm
Listed weight	58 kg
Maximum claimed range	Up to 135 km (technical table)

Addmotor's FAQ differs from its technical table on range and load. Confirm load limits with Trike Bike before purchase. Storage bag is not included.

Maximum ranges are manufacturer claims, not guarantees. Range changes with load, terrain, weather and assistance. Confirm fit and supplied configuration with Trike Bike. Tricycles can tip: practise progressively and slow before turns.
